

LINUX INSTALL DAY

SATURDAY 17 OCTOBER 2009 FROM NOON

Ever heard of Linux?

It's not Windows XP, Vista, or Windows 7

No, it's not Apple's OSX, either

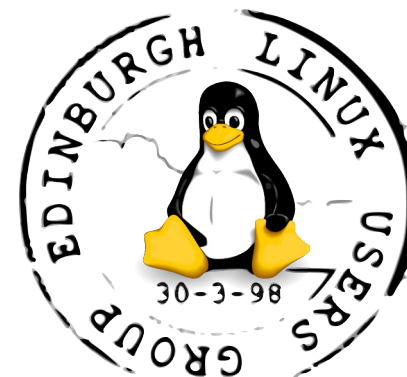

It's something altogether different...

Fancy a change?

We'll have plenty of experience on-hand to answer questions about Linux or installing it or even to help you with any problems you may have with your current installation

Grab your computer and join us at
